

INFORMATION

Vishay is the worldwide leader in custom implantable-grade magnetics for cardiac management, as well as neurological therapy for lifesaving devices. In addition, we are a leading manufacturer of charging transformers for automatic external defibrillators. With strict adherence to quality, we also design power magnetics for hospital-grade monitoring and diagnostic equipment. Many of these components are called upon to provide electrical isolation for patient safety.

Applications

- Implantable cardiac devices
- Neurostimulation devices
- CT and NMR (nuclear magnetic resonance) scanners
- Sleep apnea
- Hearing devices
- Surgical instrument guidance

Custom Design Request Forms

Inductor form:

www.vishay.com/landingpage/custom-magnetics/inductorform.html

Transformer form:

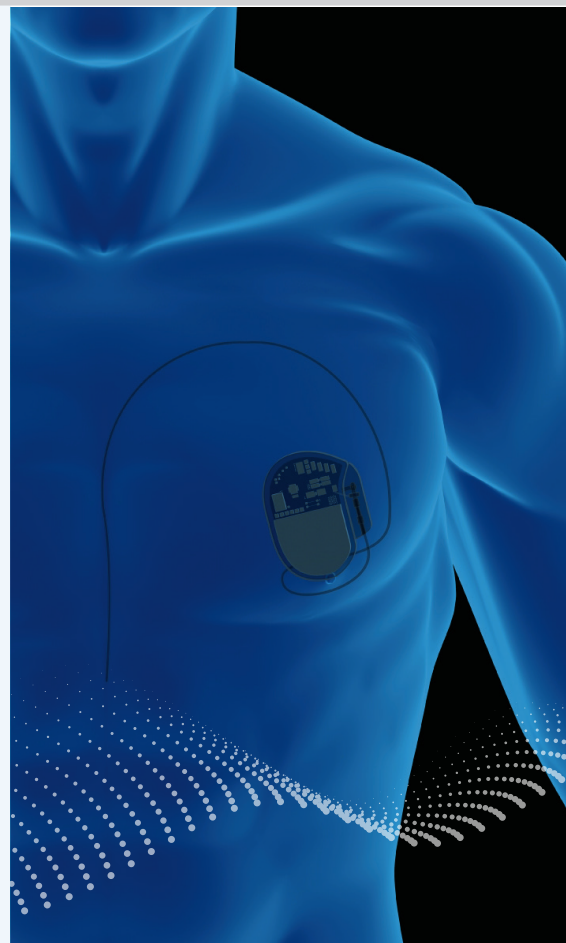

www.vishay.com/landingpage/custom-magnetics/transformerform.html

Approvals

- ISO13485:2016

Standard Products

- Transformers
- Inductors
- Common mode chokes

Manufacturing Excellence

Vishay custom magnetics offers a global manufacturing footprint that is certified to the highest quality, safety and environmental standards.
